RE: LETTER OF RECOMMENDATION

It has been a pleasure doing business with Bowles Roofing Company.

Unlike another prominent roofing company who came out to our house to give their estimate of the job and only guessed the measurements of our roof, Mr. Bowles' took the time to measure every inch of the roof.

He also offered many suggestions to improve our roof. I knew, after talking with him, that I would be comfortable doing business with him.

He was professional, and his thorough estimate of the job made me confident that he was giving me an honest and accurate account of the total job. After the roof was complete, there was almost no material left over. I was impressed with his knowledge and his company's workmanship.

The men who worked on our house were polite and courteous. They kept the job sight clean and there was very little debris left on the ground at the end of each day's work. It was obvious that they took pride in their work and at the end of each day, they would show me how well it was coming along.

I highly recommend Bowles Roofing Company, and the men who did such a splendid job on my roof.

Sincerely,

Randal Lee Resnick,
